## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

Over the past 12 years, I've worked extensively with students preparing for IB Physics and A-Level Physics, helping them navigate topics like electromagnetism, quantum mechanics, and thermodynamics. My teaching experience spans diverse international schools and curricula, ensuring students are ready for both exams and higher education.

I've also collaborated with institutions in Hong Kong to develop advanced physics modules, enhancing learning experiences for students pursuing AP and GCSE Physics. My approach involves simplifying complex topics and guiding students to apply concepts confidently, enabling them to achieve remarkable academic success.
