 Experienced Tutor | University of Copenhagen | PhD in Organic Chemistry

I have a PhD in Organic Chemistry from the University of Copenhagen and an MSc in Chemistry from Aarhus University. With 15 years of tutoring experience, I focus on IB Chemistry (SL/HL), A-Level, and AP Chemistry, supporting students worldwide in achieving exam success and mastering practical coursework.

Teaches: [IB Chemistry](#) [A-Level Chemistry](#) [IGCSE Chemistry](#) [AP Chemistry](#)

Curriculum: [IB](#) [A-Level](#) [IGCSE](#) [AP](#)

Qualifications

University of Copenhagen: PhD in Organic Chemistry (2005–2010)

Aarhus University: MSc in Chemistry (2003–2005)

University of Southern Denmark: BSc in Chemistry (2000–2003)

Vetted Tutor 

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the last 15 years, I've worked extensively with IB students, helping them master key topics such as thermodynamics, reaction kinetics, and organic synthesis. My students have consistently achieved excellent results, with many securing top grades and university placements.

My teaching career has also included working with A-Level and AP Chemistry students, focusing on bridging theoretical knowledge with practical lab skills. I've helped learners develop a strong foundation in chemical principles, ensuring success in competitive academic environments.

Beyond one-on-one tutoring, I have led workshops and seminars for international schools in Denmark, specialising in guiding students through complex IA topics and preparing them for rigorous assessments. My dedication to supporting students has helped foster confidence and deep understanding in chemistry.
